

Joan Snow Pre-K Center

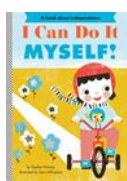

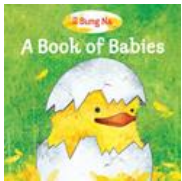

1340 East 29th Street Brooklyn, NY 11210 T: 1 (718) 758-8970

Coney Island Avenue -1139 Coney Island Avenue, Brooklyn, NY 11210 T: (718) 718-724-1730

Glenwood Road - 3610 Glenwood Road, Brooklyn, NY 11210 T: (718) 434-7090

During the month of May, our Exploration unit continues with, "Our Impact." Our focus will be, "How do my actions, impact growth and chance?" Children will have an opportunity to explore things that grow and their role in influencing growth. Students will see how they can help plants and animals grow (i.e., seeds, water, feeding, etc.). Little ones will also notice and discuss ways they have changed as they have grown.

A few of this month's read alouds (click reading for hyperlink)

Upcoming Events

- ❖ **May 12th – PAC Meeting** – Information TBA
- ❖ **May 25^h** – Parent Training – virtual event – more information TBA
- ❖ **This month children will be getting a visit from the NYC's Musical IQ Program and the Nature Company**

Musical IQ – We believe in the power of music as an outlet for outward self-expression, but also as a tool for learning and discovery. Musical IQ programs employ a hands-on and interactive approach and are based on the principles of experiential education.

Reminders:

- ❖ Please be sure to send in a seasonally appropriate change of clothing.
- ❖ The school day begin at 8am, please be sure to arrive on time.
- ❖ Stepping Up Ceremony dates will be announced this month.
- ❖ School photo's will be taken this month – information to follow shortly.

Dates at a Glance

May...

A look at this month's vocabulary:

add, adult, baby, bud, build, child, expand, flowers, fruit, grass, height, increase, infant, roots, short, size, small, soil, sprout, stems, tall, teenager, tiny, toddler, vegetable

Taking it further at home:

Research! Go online or visit your local library to find out more about a plant or animal your child is interested in. Look into what it needs to grow and how you and your child can have an impact.

Go on observation walks to discover things that grow around us in our neighborhood.
